

GO GREEN IN PRAGATI 🌳🌳

‘DAY 2:- 19th April 2022

In the series, the day commenced with ‘Poster making’ to ignite the fire of imagination and creativity. Students expressed their ideas through paintings and sketches and the artistic skills were beautifully displayed.

‘Paper Bag’ Activity was organized which focused on fine motor skills and finger-coordination. It was a wonderful surprise when simple folding and pasting exercise created beautiful bags.

It was a delight to see young ones carrying their beautiful paper bags and pledge for “NO TO PLASTIC”
